

INFORMATIK 2005 – Informatik LIVE!

35. Jahrestagung der Gesellschaft für Informatik | 19. bis 22.9.2005 | Uni Bonn

Schedule

Workshop

Electronic e-Business Standards (SEB05) Elektronische Standards im e-Business

OLDENBURGER FORSCHUNGS- UND ENTWICKLUNGSMITTELSTELLE
FÜR INFORMATIK-WERKZEUGE UND -SYSTEME

Within the last years e-Business has increasingly gained importance. With a progressive development and a strong growth new challenges have been established when looking at the cooperation of different e-Business participants.

Especially the interoperability of systems became an important factor within this area since it is often necessary to exchange information between heterogeneous information systems. Well known standards such as ebXML can help by simplifying this process. They promise a flexible coupling of heterogeneous systems. Moreover, a high research need consists in the integration of legacy systems into new structures, since a lot of efforts and money has been invested for their creation. Furthermore, the combination of different standards and their interoperability is an interesting research domain.

It is important for enterprises to be able to quickly identify future standards and to estimate available developments and their relevance as soon as possible. This will make it easier to perform a fast reaction to future e-Business standards

Ambition of this workshop is to get an overview of current research approaches as well as a broad discussion in certain areas of this topic. Current and future standards as well as their possibilities shall be observed.

Moderation: Axel Hahn, Mathias Uslar, Sven Abels

Time and Location: Wednesday, 21.09.2005, 14:00 – 17:30, Room HS III

INFORMATIK 2005 – Informatik LIVE!

35. Jahrestagung der Gesellschaft für Informatik | 19. bis 22.9.2005 | Uni Bonn

Schedule

Workshop

Electronic e-Business Standards (SEB05) Elektronische Standards im e-Business

Session 1 · 14:00 – 15:30

- *Welcome greetings from the workshop organizers*
Appelrath, H.-J.; Hahn, A.; Abels, S.; Uslar, M.
- *eCI@ss - The leading classification system*
Hausmann, F.; Einsporn, T.
- *A Model for the Classification of Interorganisational Standards*
Löwer, U. M.
- *Bewertung und Selektion konkurrierender Standards*
Abels, S.; Hahn, A.; Uslar, M.

Break (Coffee) · 15:30 – 16:00

Session 2 · 16:00 – 17:30

- *Use of the ebXML framework in eGovernment and eHealth*
van der Eijk, P.
- *Ein service-orientierter Ansatz zur nachhaltigen Anwendungsintegration in Unternehmen*
Luhmann, T.
- *Elektronische Standards als Basis für den Aufbau von Unternehmensportalen als Integrationsplattform*
Hinderer, H.; Vlachakis, J.; Gurzki, T.; Kirchhof, A.

Afterwards: Discussions about Electronic e-Business Standards (Open End)

INFORMATIK 2005 – Informatik LIVE!

Schedule

Workshop

Electronic e-Business Standards (SEB05) Elektronische Standards im e-Business

Contact

Please feel free to contact us if there are any questions or suggestions:

- Prof. Dr. H.-J. Appelrath, Universität Oldenburg/OFFIS e.V.
- Prof. Dr.-Ing. A. Hahn, Universität Oldenburg
- Dipl.-Inform. S. Abels, Universität Oldenburg
- Dipl.-Inform. M. Uslar, OFFIS e.V.

Contact address for questions and suggestions:

eStandards@offis.de Tel.: +49 441-798 4481 Fax: +49 441-798 4472

Workshop website:

http://estandards.informatik.uni-oldenburg.de/index_en.html

Directions and Accommodation

Travel information and hotel links can be found at the main conference website:

<http://www.informatik2005.de>

The conference and the SEB-workshop will take place at the University of Bonn. A detailed description in English can be found at:

<http://www.uni-bonn.de/en/Service.html>

If you are able to speak German, then you might look at the following description, provided by the conference organization: <http://www.informatik2005.de/101.html>

Last minute questions

For any last-minute questions that might arise during the conference time, you may reach at any time on our cell phone: [+49 179 239 1000](tel:+491792391000) (Sven Abels)
